Federal Government Departments and agencies regularly supplied are the State Department, all Defense Department organizations, Homeland Security including USBP, C&BP, and FEMA. Justice Department including US Attorney offices, US Marshals, DEA, Bureau of Prisons; Interior Department Agencies, Departments of Energy, Health & Human Services, U.S. Public Health, and Transportation. State and municipal governments, law enforcement agencies, fire departments, fire protection districts, and school districts are among other non-Federal customers.

Embassy Flag supplies only American made flags and commercial flagpoles. All flags are produced in the USA at major manufacturers Annin Flag, Eder Flag & Flagpole, and Valley Forge Flag Co. Some custom printed, sewn, and embroidered nylon and rayon flags are produced at other facilities located in Virginia, Wisconsin, Illinois, and California. We represent the largest U.S.A. aluminum flagpole manufacturers; Eder Flag & Flagpole and Concord American Flagpole for commercial cone tapered flagpoles from 15 to 100 ft. Diminishing section steel flagpoles of 100 ft and greater are also supplied. Commercial fiberglass flagpoles, tilt base fiberglass and nautical fiberglass flagpoles are produced in the U.S.A. and available up to 100 ft. Replacement parts are available for most flagpoles.

Domestic and international shipping capabilities: UPS, FedEx, DHL, USPS APO, FPO, DPO AE/AP, LTL common carrier. We have shipped to all continents other than Antarctica, and many islands between.
